Pressure Being Brought to Bear on Harding.

Oklahoma Congressman Sends Message to Florida.

Agricultural Portfolio Would be Appreciated.

WASHINGTON, Feb. 9.—A drive to bring about the appointment of a southern man in President-elect Harding's Cabinet has been started by southern Republicans in Congress.

Representative Harrell, Oklahoma, dispatched a telegram today to Harding, declaring he was "much disturbed" at the possibility of the South not being represented in the new administration.

Representative Harrell's telegram said: "I am much disturbed at the possibility of the South not being represented in your Cabinet. Oklahoma's overwhelming vote is intense for the South. The vote that made Oklahoma a Republican last year was born and bred in southern States."

OHIO HOUSE VOTES FOR SOLDIER BONUS.

(BY A. P. NIGHT WIRE.)

COLUMBUS (O.), Feb. 9.—By 111 to 0 the Ohio House today adopted the soldier's bonus resolution, already adopted by the Senate. The resolution provides for submission of a bond issue to the voters next November to raise money to pay bonuses to Ohio soldiers.

CLASSIC BRUNSWICK DESIGNS

How perfectly Brunswick artisans have reproduced classic cabinets in period models is proven by the constantly increasing demand for the designs we are showing. They comprise:

The Gotham
The Oxford
The Georgian
The Lombard
Les Beaux Arts

Not only in their beauty of design are Brunswick products superior.

Their magnificence of tone alone justifies every claim and their unique features—which permit the playing with utmost perfection the records of all artists and all manufacturers—place them in the most commanding position ever attained by any phonograph. Catalogs for the asking.

Geo. J. Birkel Company, Los Angeles, Cal.
Dear Sirs:
For a number of years I have played the Steinway piano in all my concerts, both solo and with orchestra. The wonderful tone qualities afford me the greatest pleasure. With the Steinway instruments it is possible to create the most delicate nuances and wide gamut of tone and expression demanded in ensemble playing. These results I have only been able to obtain through the Steinway.

TALK OF WAR MERELY FOOLISH

Anglo-American Relations Not at Crisis.

British Officials, However, Are Careful.

Commercial War Only Kind Seen in Future.

BY ARTHUR S. DRAPER.
[BY CABLE-EXCLUSIVE DISPATCH.]
LONDON, Feb. 9.—All reports to the contrary, there is no crisis in Anglo-American relations, but British officials this week have learned something of the delicacy of these relations and henceforth certain subjects will be approached on this side with the same caution employed in handling a bomb.
Something akin to the sensation caused in America by reports of a crisis was reproduced here when these reports were called back to the British press. Incidentally, the Japanese and French press are equally excited.
Of all the many unfortunate features of the situation perhaps the worst is the effect on the British official world. While those acquainted with the real conditions are agreed that frankness is essential to an early settlement of many points at issue between the countries, the natural tendency now will be toward secrecy.

WAR TALK FOOLISH.
No one except a lunatic, a Sinn Féin extremist or a German Junker could find any ground for saying that Britain plans war against America or expects America to say on it.
All Britons do not regard Americans as their first cousins and the same might be said of some Englishmen's regard of Scotchmen. In some quarters here there are a few Britons who find pleasure in pulling the coat tails of Uncle Sam just as there are Americans who like to twist the lion's tail.
But there are Britons who, though not unfriendly, have highly critical views of America. To appreciate their feeling regarding America's attitude toward Ireland, it is only necessary to consider what Americans would think if Birmingham, Manchester and London extended the freedom of those cities to Americans who advocated the independence of Long Island. The Britons are not proud of Ireland and they do not relish American criticism.

DEBT CAUSES FRICTION.
Then there is the British debt to America which is responsible for certain friction. Some English think America made a high bargain and took an unfair advantage, but these are selfish admissions. There will be no war over the American loan, however much ill feeling may be created.
The Japanese situation also can be mentioned as a point at issue and involved in it is the question of naval supremacy. It will be a heavy blow to the average Briton to see the American Navy superior to the British in power and size. This would have been an unthinkable situation a few years ago. Britain, officially and unofficially, will strive hard to maintain its position at sea, but it will stop short at the point where its international financial position is jeopardized.
WILL NOT AID JAPAN.
I have talked with many influential men in this country without

finding a single one who said England would be on the side of Japan in a struggle with America. Perhaps they have deceived me or perhaps they have deceived me or perhaps they have deceived me.

SERIOUS RIOTING IN ALBANY CAR STRIKE.

TROOPERS FIND IT NECESSARY TO EMPLOY FIREARMS; SCORES INJURED.

ALBANY (N. Y.) Feb. 9.—Rioting more serious than any previously reported, occurred here today in connection with the street railway strike of the United Traction Company's 1200 employees in Albany, Troy and surrounding cities.

State troopers twice found it necessary to make use of their firearms to quell disturbances, in which nonunion workers repairing broken trolley wires were showered with stones and bricks.
Orders by Chief of Police Goerdel of Troy to his men to "shoot to kill" and the stoning of a car were reported in Troy.
In Albany use of clubs and firearms was resorted to by State and city police before order was established. Scores of persons were slightly injured, and a half-dozen strikebreakers were hurt by flying stones.
No attempt was made to operate cars here today because wires had been torn down.
The disorders ended when the nonunion workers were escorted to the barns.
The trouble in Troy occurred at mid-day. The only car operated by the company today was stalled by cut wires. The car was stoned when it was brought to a stop, and a mounted patrolman was injured in the head by a stone. The crowd dispersed by the police. One man was arrested.

SMUTS'S VICTORY SURE, BELIEVE FOLLOWERS.

CAPE TOWN, Feb. 9.—Gen. Jan Christian Smuts, Premier of the Union of South Africa, and his coalition South African and Unionist parties, had won forty-three seats in the House of the Assembly up to noon today in the bitter election fight against the "necessitists," who had only twelve seats. Labor had nine seats and the independents one. Altogether there are 135 seats to be filled. The returns up to noon were mainly from urban districts. The followers of Gen. Smuts may be certain of victory.

Gen. Smuts was elected to the House of Assembly from the district of Pretoria West. Tuesday's elections were marked by the contest between the British and Dutch elements led by Premier Smuts for preservation of the Union of South Africa, and Gen. Hertzog, supported by many Boer War veterans favoring secession from Great Britain.

FAKE STAMPS ARE CAPTURED IN RAID.

BOSTON, Feb. 9.—A seizure of counterfeit government obligations was made by internal revenue agents who raided a printing shop today.

Jonas Hecht, proprietor, and Alphonse De Santos, an engraver, were arrested. The raid, besides yielding thousands of counterfeit tax paid liquor stamps and liquor labels, is believed by the officials to have revealed the source of counterfeit revenue stamps which are said to have been circulated in Boston and New England.
The agents said that probably 3500 stamps a week had been printed.

CUT FEDERAL COSTS TO REDUCE TAXES.

FORDNEY DECLARES CONGRESS HOSTILELY IS TRYING TO REACH SOLUTION.

NEW YORK, Feb. 9.—Taxes can only be reduced when the Federal government reduces expenditures, Representative Fordney of Michigan said today in an address before the National Retail Dry Goods Association.

He declared himself in favor of the repeal of the excess profits tax and said high superlatives were driving large investors to purchase tax securities, thus defeating the purpose for which they were levied. He asserted Congress was making an honest effort to reduce expenditures.
Taking up the tariff question, he declared some method must be found to overcome the differences between foreign exchange. He also said that means must be devised on the application of the tariff that would take into account the difference in the cost of production in various countries. Ad valorem tariff, he said, was the solution.

BORDEN MILK PLANT WILL RESUME SOON.

MODesto, Feb. 9.—After being totally closed down since January 8, the Borden condensed milk plant, employing approximately 300 men, is to open again on February 21, according to announcements at the office of the company here today.

The plant was closed down because of the glutted condition of the condensed milk market. Recent developments in marketing conditions have resulted in a surplus of milk which the company here today. STATE MAY LOSE MILLIONS IN TAXES.

GRAVE SITUATION DISCLOSED BY SUPERINTENDENT OF INSTRUCTION.

SAN RAFAEL, Feb. 9.—Unless the \$15,000,000 school tax provided for by the sixteenth amendment to the constitution, voted last November, is collected before March 1, it cannot lawfully be made a lien upon the property of the corporation "where it should be placed," Will C. Wood, State Superintendent of Public Instruction, told the annual convention of State high school principals here today.

"The situation is particularly grave, as the Legislature is averse to imposing the proposed ad valorem tax of 22 cents to cover this or any other purpose," he said.
The crowded condition of the schools has created an imperative need for a system of junior colleges to supplement the University of California, he said.

Howat Arrest Protest Vanishing.
PITTSBURGH (Kan.) Feb. 9.—One mine resumed work today after the men had been out yesterday in protest against the arrest of Alexander Howat, district union president, for contempt of court.

TWO KILLED IN ERIN BY ARMED PARTY.

SINN FEINNERS ALSO GAIN CONTROL OF RAILROAD; FINALLY OUSTED.

BELFAST, Feb. 9.—Thomas Hall, member of the Drogheda Corporation, and John Moran, a printer, were found dead today in Drogheda. They had been shot. After midnight a party of armed men called at their homes and escorted them, half dressed, to the place where they were killed.

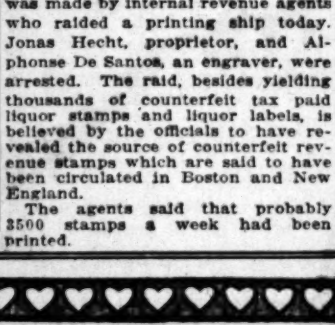

DUBLIN, Feb. 9.—One hundred armed Sinn Feiners gained control of the Great Northern Railroad station here last night, and held it for more than an hour. A train going from Burtonport to Londonderry was delayed by unknown persons who placed boulders on the track, but there were no casualties.
Eight armed men entered a jewelry store in Wellington Quay and carried off goods valued at £3000.

NEEDLE WORKERS STRIKE.

Time and Compound Interest

the two great factors in any program of saving

Each year \$100 invested in an 8% bond with the accumulated interest reinvested in the same manner will, at the end of 18 years, amount to \$3576.

As a suggestion in starting to save we recommend the five-year bonds of the Trenton Gas & Electric Co. which yield nearly 8 1/2% and are secured both as to principal and interest by surplus earnings of over ten times the annual interest requirements of the issue.

Denominations \$1000, \$500, \$100.

NEW YORK STOCK EXCHANGE

(BY A. P. NIGHT WIRE)
NEW YORK, Feb. 9.—The stock market today fulfilled its promise of strength and activity, as indicated by the vigorous rebound late yesterday.

Aside from relaxation of rates for call money, no visible change occurred in the factors which have held the market in check. There was a feeling in speculative quarters, however, that technical conditions temporarily favored the longs.

Adoption of the Windows bill by the House, implying partial compensation of claims by the railroads against the government, failed to stimulate more than an intermittent inquiry for representative transportation shares.

Cumulative signs that the steel industry is near a price readjustment gave impetus to issues of that character, including railway equipments.

Improvement in those shares was visible today and most evident at the close.

As a group, oils again monopolized the bulk of speculative attention. Mexican Petroleum and Standard Oil shares, further downward revision of prices for the raw and refined products evidently being interpreted as bullish influences.

Highest prices were recorded in the final hour, but the market reversed at the first indications of profit-taking in such issues as Crude Oil, Mexican Petroleum, Standard Oil, and others.

Sales, 450,000 shares.

All call loans were made at 7 per cent, the lowest uniform rate in many weeks. Foreign exchange was unchanged, dealers reporting little business save in sterling and French francs.

Liberty issues and bond market eased variously on very small deals. Sales, par value, \$9,125,000.

STANDARD OILS

The lower they go the better we like them. The prevailing prices give the opportunity not often afforded to buy these investment stocks at such high prices. We might not advise our customers so strongly to buy them.

Now is the time to buy.

KING BILL EXTRAVAGANCE AND NOT EQUALIZATION.

Plan to Soak California Taxpayers Another Fourteen Millions a Year is Riddled at City Club.

The King tax bill, proposing to levy an additional \$14,000,000 on the taxpayers of California, was literally shot full of holes yesterday when Senator Chamberlin of Los Angeles and Senator Rominger of Long Beach addressed more than 300 members of the City Club, explaining their action in voting against the bill in the State Senate.

The title of the double-barreled attack on the King bill was presented in the form of this pointed question: "The King Tax Bill—Is It Equalization or Extravagance?"

Both Senator Chamberlin and Senator Rominger left no doubt in the minds of their hearers that Los Angeles county legislators firmly are convinced that extravagance and not equalization inspired the State administration to draft the huge tax bill.

Senator Chamberlin attacked the methods employed by the joint Senate and Assembly Revenue and Taxation committees in arriving at their decision to endorse the King tax bill, informing his hearers that the \$14,000,000 tax measure, which the bill reached the Assembly, would make each member of the Legislature an unmitigated liar.

Investigators and Investigated in Session Here.

State Railroad Commissioners (top) and Legislative Committee of Inquiry. Left to right, they are: Top, Harley W. Brundage, Irving R. Martin, H. D. Loveland, Chester H. Rowell and Frank R. Devlin. Below, Assemblyman B. S. Crittenden, Assemblyman Charles W. Cleary, Senator J. M. Inman, Chairman of the Joint Senate and Assembly Committee, and Assemblyman Isaac Jones.

BOUQUETS, NOT BRICKBATS, FOR STATE RAIL BOARD.

Legislative Committee, Here to Hear Complaints Against Commission, Gets Little but Praise for It.

In Los Angeles ostensibly to listen to complaints against the State Railroad Commission, members of the joint committee of the Senate and Assembly appointed to investigate the commission sat in judgment yesterday and heard witness after witness testify that the California Railroad Commission is the most beneficent, efficient and necessary governmental agency in the State.

The investigating committee, which has conducted similar hearings in various parts of the State, is headed by Senator J. M. Inman of Sacramento, and in addition to Senator Inman consists of the following: Assemblyman Isaac Jones of San Bernardino county; Senator Walter E. Edge of Orange county; Assemblyman C. W. Cleary of Tulare county and Assemblyman B. S. Crittenden of San Joaquin county.

The opening session yesterday, the committee will be in Los Angeles four days, concluding the local investigation Saturday.

Members of the State Railroad Commission, including Commissioners Irving R. Martin, H. D. Loveland, Frank R. Devlin, H. W. Brundage and Chester H. Rowell, and a staff of assistants, accompanied the investigating committee of the Legislature in its State-wide tour.

Two complaining witnesses were heard yesterday. The first, E. S. Sonberg of the Orange County Farm Bureau departed from the hearing persuaded that his charges had been based on misapprehensions, and the second, J. R. M. Gordon, negative to some extent his charges by the obvious resentment under which he labored.

The report of Richard Sachs, chief engineer of the Railroad Commission, who has been both a proposed union terminal, is recognized throughout the world as an engineering classic, according to W. A. Alderson, attorney for the North Main Street Improvement Association.

Mr. Alderson asked the members of the investigating committee to make inquiry relative to the unexplained delay, he said, "in holding in abeyance the construction of a civic center, is preventing the construction of a system of boulevards and is delaying improvements to property in the north end of the city."

William Mulholland, chief engineer of the Los Angeles water department, and F. P. Grogan, traffic manager for the Associated Jobbers of Los Angeles, paid hearty tribute, as experts, to the integrity, high efficiency and unquenchable pluck of the Railroad Commissioners and the engineers and other trained technicians employed by the commission.

Mr. Grogan, lauding the commissioners for faithful service to the people, asserted that he recognized

that members of the commission suffered financial loss in neglecting their private affairs for public welfare.

"I know what it is to sacrifice self when one accepts public office," he said, "because I once sacrificed myself by living in San Francisco a year and a half while I occupied a public office. I didn't want to live there but I had to do it in order to fill that job." [Laughter.]

Specific and general instances of the just and efficient methods of the Railroad Commission were cited by Mr. Grogan, who referred to the commission as "a sympathetic family where the people of California may go to wash their linen."

The Railroad Commission not only is wholly free from any corporate influence, Mr. Grogan pointed out, but is so well organized that the commission's own staff of expert investigators "cannot be hoodwinked or misled" by any proposal that may be put before them.

He credited the rail body with a large share of responsibility for all phases of development in California, asserting that the commission's mind of the railroad traffic men fixed railroad rates. He presented a table showing specific instances of lowered rates ordered by the commission and drew attention to the fact that present rates were placed in effect under Federal control of railroads.

RACE VANISHES AS JUNCIO DIES.

San Gabriel Mission Indian Had Reached 106th Year.

Last Voice "Silenced" Which Told History First-Hand.

"I'm Tired," Says Aged Man; Goes to Unbroken Rest.

The death of Santo Juncio at the San Gabriel Mission yesterday afternoon marked the passing of the last of a vanished race. With him died the last vestige of personal remembrance of the golden age of the California missions—Juncio, who had reached the age of 106 years, authenticated by the mission records, taken with him to the happy hunting ground the last voice which told at first hand the story of the state's most romantic period.

He was born at the old mission in 1815, spent his youth and young manhood there when the institution was prospering, and engaged in many of the activities which the fathers, taken with him to the happy hunting ground the last voice which told at first hand the story of the state's most romantic period.

RETRIAL OF MRS. ROE'S CASE ASKED

New Evidence Discovered on Murder of Graydon, States Woman's Attorney.

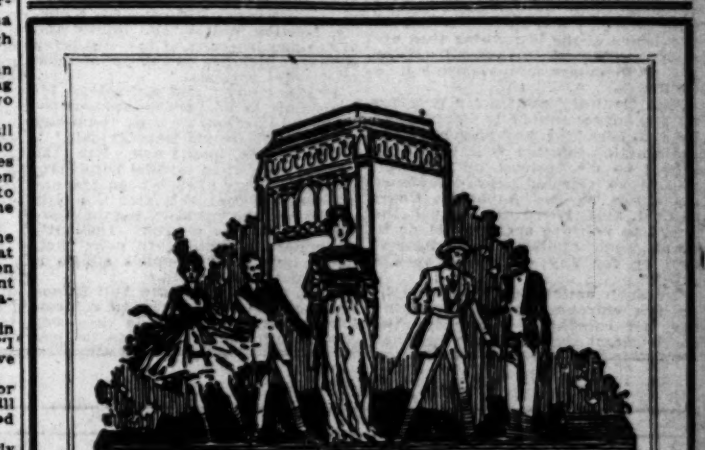

Based his action on the grounds of newly discovered evidence and technical errors, Judge Rush, chief counsel for Mrs. Maybelle Roe, convicted of the murder of McCullough Graydon at Venice last September 1, moved in Judge Houser's court yesterday for a new trial. The court set the hearing for next Monday.

Mrs. Roe, who collapsed in the County Jail after her conviction by a jury in Judge Houser's court last week, appeared to have regained her composure as she sat in the courtroom yesterday.

Judge Houser set the trial of Oscar A. Bowers and Edward F. and Julia Doane, also charged with the murder of Mr. Graydon, for March 22.

The trial of Clyde Johnston, charged with embroiling \$30,000 from the safe in Police Judge Chamberlain's court last fall, will start March 11.

ACTORS FOR OPTIMISTS. Bryant Washburn and Ernest Ward, local cinema actors, "Billiam" Cline, of the Orpheum Theatre, Melba French Barr, soprano, and Clemence Clifford, contralto, will be on the entertainment program today's luncheon of the Optimists Club, to be held at 741 South Broadway.

DECIDE KAPITZ ESTATE APPEAL.

Litigation Gets Another Twist.

Small Sum, Unaccounted for in Child's Reversal.

Appeal of Lawyer's Home Retained by Ruling.

The appeal of the long and involved litigation involving the estate of William Kapit, deceased, was decided by the District Court of Appeal, which issued the following order: "The appeal is granted, and the court is directed to set aside the judgment of the court below, and to remand the case to the court below for a new trial. The costs of the appeal are to be paid by the appellant."

The case came before the court on the appeal of the appellant, William Kapit, Jr., who claimed that the estate of his father, William Kapit, deceased, was wrongfully administered by the appellee, Charles H. Kapit, Jr., who claimed to be the administrator of the estate.

The court found that the appellant had established that the appellee had wrongfully administered the estate, and that the appellant was entitled to a new trial.

H.C.L. Jury Back on the Job After Long Vacation.

Members of what is known as the Federal high-cost-of-living grand jury reassembled yesterday afternoon after a long vacation, with U. S. Atty. O'Connor in charge of the body. At the conclusion of the session he announced that there was nothing to give out in regard to the meeting, except that the body did not adjourn sine die, and would hold another session next Tuesday afternoon. "Several new angles have turned up," said the U. S. Attorney, but he did not say just what they were.

It was rumored around the Federal Building that at least one witness from San Francisco will be summoned to give evidence on a matter now before the jury, and that several local merchants will be called later on.

U. S. Atty. O'Connor carried into the grand jury room an armful of memoranda having to do with the investigation carried on by the body, and it is believed that the status of the profiteering situation was fully discussed.

Some time ago Mr. O'Connor said there would be no report on the profiteering charge at this time, but admitted that the whole situation was up in the air as the result of the failure of the United States Supreme Court to act on the question of the constitutionality of the Lever law.

ON SHOOTING CHARGE.

Woman Arraigned for Attack on Lawyer, is Held in Jail.

Gertrude Malmberg, accused of shooting and wounding Walter E. Smith, a lawyer, in his office, was arraigned yesterday before Justice Hines on a charge of assault with a deadly weapon. Her bail was fixed at \$10,000 and she was committed to the County Jail pending a hearing on February 28.

MAILED!

700 Security Lists in Twenty Minutes

Black & Jones were bond brokers of the progressive sort and naturally they wanted to sell just a little better than their competitors. They had pronounced ideas about "service" to their customers, the greatest of which was the prompt mailing of security lists and literature on new issues.

After taking up its share in a bond issue the firm embarked on a siege with the printer in an effort to get out a prospectus for their clientele within a reasonable period. Because the printer was swamped with earlier orders it often entailed a wait of a day or more. The result was that prospectuses were generally late in being mailed.

Then one day Jones had an idea. He told his partner that in future security lists and in fact all printed literature would be in the mail in less than an hour's time.

By a little examination on the side he had discovered that the very sort of speed work they required could be handled by the Muesely. He bought one in short order and from the start it was a success.

The first day's bulletin was out in twenty minutes after the list had been compiled.

Antialien Golf Measure Has Been Changed to Permit Scots to Play.

"Twas a braw day for Scotland," Local McTavishes, MacDonalds and MacGregors may play golf on the city links at Griffith Park.

The City Council yesterday barred the links only to those aliens who cannot become American citizens.

As originally planned, the ordinance would have barred all aliens, including Scotch and other British folk in Los Angeles who are not yet citizens, but who are golfers.

The Scotchmen, already saddened by the scarcity of Scotch whiskey, objected to being deprived of their golf as well and so the ordinance was amended and in its changed form whizzed through the City Council yesterday.

TELLTALE WIRE FOUND IN RAID.

Arraign Three as Plotters to Defraud Farmer.

Believe Trio Linked with Supposed Ring Chief.

Following a raid on the apartments at 1350 Orange street of James Sutton, one of three men accused of attempting to defraud Oliver Moline out of \$6000, investigators of the district attorney's office yesterday discovered evidence which they assert indicates that the three under arrest were in some manner associated with Everett A. Hutchings, accused of being head of a big bunko ring. The raid was made by investigators Sebastian and Denny.

A telegram addressed to "E. Hutchings," and saying, "Will be there on an early train," was found, say the investigators. The telegram was dated at San Diego. An envelope addressed to E. Hutchings, with the return address of J. Hornbright, San Diego, was also discovered, say the officers.

Sutton, J. M. Smith and Harry Scott were accused in a complaint issued yesterday by Dep. Dist. Atty. Stafford of conspiracy to steal \$6000 from Mr. Moline and of attempted grand larceny of the same amount. They were arraigned before Justice Garrett of Venice, Dep. Dist. Atty. Van Cott asked \$25,000 bail each for them, but it was fixed at \$15,000 each. Their hearing was set for Monday and they were committed to the Venice Jail.

LOST GIRL MYSTERY CLEARED BY YOUTH.

SAYS CHILD WENT WITH HIM TO HOTEL AFTER RIDE IN AUTO; IN CUSTODY.

Edward Brentlinger, 29 years of age, a truck driver, yesterday informed Nick Harris detectives of the whereabouts of Edith Holman of 1216 West Fifty-first Place, who dropped from sight last Sunday evening, and as a result is in the City Jail, charged with a statutory offense. The girl, who is only 14 years of age, is also in custody.

According to Brentlinger, he met the Holman child and another girl at the corner of Grand avenue and Washington street Sunday evening. Brentlinger was with a friend and both flirted with the girls. Miss Holman was taken for a ride in Brentlinger's automobile and then went with him to a hotel, where they spent the night.

Brentlinger informed the police that he urged the girl to return to her home the following morning, but stated that she refused to do so and later became ill. He secured a physician and bought her medicines, and after seeing the account of her disappearance in the newspapers gave himself up. Officers who questioned the pair state that the girl's statements bear out the confession made by Brentlinger.

LONDON NOT TO GET BIG FIGHT.

Tex Rickard Declares the Bout
for America.

Will Go Through Program as
Originally Planned.

Dempsey-Carpentier Scrap
May Go to Manhattan.

[EXCLUSIVE DISPATCH]
NEW YORK, Feb. 9.—The Jack
Dempsey-George Carpentier pro-
posed international wrangle will
not be shunted to London. Tex
Rickard, who is promoting the con-
test took occasion again today to
reiterate with a loud emphasis that
the bout will be held in the good old
U.S.A. and that in all likelihood it
will be staged not a stone's throw
from Manhattan.

Rickard also said that he knew
nothing about Charles B. Cochran
changing his mind about continuing
as an associate in the arrangements
for the big bout and that the bout
would go to England.

WHY SUCH FUSS?
"I can't understand why such a
fuss is being made about this con-
test," said Tex today. "I have one
two under contract. I have lived
up to all my obligations and as I
have repeatedly stated will go
through with the program as origi-
nally arranged. William A. Brady
has withdrawn and I have accepted
him as the legal representative of
Charles B. Cochran. Brady has as-
sured me that Cochran is out to stay.
However, if Mr. Cochran has
changed his mind and wants to play
I will be glad to have him with me.
If there is any more hitch over
the arrangements I think we had
better send for Bob Edgren, who has
been appointed sole arbitrator. The
legal documents transferring the in-
terests of Messrs. Brady and Coch-
ran will be duly executed in a few
days and then I will be prepared to
proceed with all the necessary de-
tails. The bout will not go to Lon-
don you can rest assured of that."

JACK FOR EUROPE.
Jack Kearns when seen today said
that he proposes to take Dempsey to
Europe shortly and merely advised
Cochran to satisfy his own mind as
to whether Mr. Cochran had with-
drawn from the contest. Kearns re-
ceived word from the English pro-
moter that he had not withdrawn.

"I have no doubt but what the
bout will go through as originally
planned," said Kearns. "but I really
think notwithstanding all that has
been said about it that Cochran will
be the associate of Mr. Rickard when
the final plans are completed."

Nathan Vidaver, the attorney for
the promoters was out of town to-
day but is expected back tomorrow
when the legal transfer documents
will be duly dealt with.

NEW YORK, Feb. 9.—The Paris
post of the American Legion has
cabled an invitation to Jack
Dempsey to take part in a series of
athletic events scheduled for Paris
on March 1. The cable reached
Jack Kearns, Dempsey's manager
here, today.

Kearns replied by cable, explain-
ing that he and Dempsey do not sail
for France until the latter part of
February and will not reach Paris
until after March 1.

"We will be glad to do whatever
we can after we arrive," Kearns
added.

MANY ENTRANTS IN SWIMMING TOURNEY.

[BY A. P. NIGHT WIRE]
PORTLAND (Or.) Feb. 9.—Nu-
merous contestants have entered for
the Oregon State swimming and
diving championship tournament to
be held at the Multnomah Amateur
Athletic Club tank here February
12. There are ten events on the pro-
gram.

In order to give the swimmers ev-
ery opportunity to break present
records, the tank will be filled to
within three inches of the overflow
drain. This will give it an addition-
al depth of six inches.

Two 100-yard relay races for
youngsters, one for girls of 13 years
or under and one for boys of 14 or
under have attracted several teams.
There will be a 100-yard senior and
junior event, two 50-yard senior and
junior events, and a 25-yard senior
and junior event.

Miss Thelma Payne, Portland,
three times national diving cham-
pion, and present title holder, will be
among the contenders.

VISALIA DESIROUS OF A BALL TEAM.

[EXCLUSIVE DISPATCH]
VISALIA, Feb. 9.—The baseball
committee of the Visalia Board of
Trade has issued invitations to rep-
resentatives of other cities in Tulare
county for a meeting in this city for
the purpose of discussing "Exeter's"
proposed baseball league of Tulare
county. Visalians wish to know just
what is offered, that it may decide
whether to organize a county league,
or participate in the valley league.
While baseball enthusiasts of the city
prefer the valley league, finances will
come hard this year, and the "salary
limit" to be imposed is such that they
feel under the circumstances that a
county organization could be kept
within reasonable limitations.

GOLF COURSE SOON READY FOR PLAYING.

[SPECIAL CORRESPONDENCE]
LA HABRA, Feb. 9.—Nine holes
of the golf course, at the Hacienda
Country Club, located at North La
Habra Heights, will be open to mem-
bers in a short time. Plans have

been made for a full eighteen-hole
course, but the first half will be
ready for the players while the bal-
ance of the grounds and buildings
are being completed. Mr. W. H.
Tucker, well-known golf course en-
gineer, is very complimentary about
the location, soil, and surrounding
country. The club has 150 acres,
and protected by the hills, and re-
ceiving the trade winds from the
ocean, it is almost ideal course.

WHITTIER CRESCENTS WIN.

When it comes to things basket-
ball the Whittier Crescents are con-
siderably there—witness their 14-to-
15 victory over the City Men's Club
at Whittier last night. At the end
of the first half the Crescents were
on the long end of an 8-to-2 count.
Stanley for Whittier and Cooper
for the City Men's Club were in-
dividual stars with 10 points apiece.

out "Smiling" Parker of Globe in
the fourth round of a scheduled ten-
round bout here last night. Joe
Miller of Los Angeles fought a ten-
round draw with Casey Smith of
Globe.

CHARLEY DEAL OF CHICAGO CUBS HERE.

Charley Deal, third baseman of
the Chicago Cubs, arrived here ac-
companied by Mrs. Deal yesterday
and will go at once to Chualar. Deal
last season played in 128 games and

led the third basemen of the circuit
in fielding. With Herzog gone from
the Cubs, Deal will have only to
battle Don Brown, a rookie, for the
regular position.

George Hildebrand, American
League umpire, comes through with
a nice two-handed boost for "Lefty"
O'Doul, secured by the Seals from
New York via the Mitchell deal.

Lincoln Day Banquet.

Lowden and Stephens Listed
to Give Addresses.

Saturday Gathering Will be
First Annual Event.

Former Gov. Lowden of Illinois, Gov. Stephens and former Senator Cornelius Cole, who was in the United States Senate in 1884 when Abraham Lincoln was President, will be the three speakers Saturday night at the first annual banquet of the new Lincoln Club.

The banquet, for which 150 reservations have been made, will be held at the Ambassador, and will begin at 7 o'clock. Henry M. Robinson, president of the club, will be toastmaster.

The new Lincoln Club, which will have a membership limited to 200 and selected from lists of those who have been of conspicuous service to the Republican party, will make a point of providing suitable entertainment for prominent Republicans or officials who visit in the Southland.

Officers of the club, in addition to Mr. Robinson, are: John Willis Bae, first vice-president; C. C. T. Robinson, second vice-president; Marco H. Hellman, treasurer; and Walter R. Leeds, secretary. The board of directors, in addition to the officers, includes William M. Garland, Albert J. Wallace, Philip A. Stanton, Harry Chandler, Edward D. Lyman, George I. Cochran, Edward A. Dickson, Harry M. Halderman and Walter K. Tuller.

SIERRAS SEND RELIEF.

Raise Money for Hoover Fund at
Edison Camp Entertainments.

The cry of the starving children of Eastern and Central Europe has been heard far up in the high Sierras, where the men of two camps of the Southern California Edison Company subscribed \$275 to entertainments recently given by J. A. Matthews at the recreation centers. Mr. Matthews is in charge of the pleasure programs which the company has arranged for its workers. When he told of the need of the children in Europe to the men at the headquarters camp at Camanche they at once raised \$275 and later \$100 was subscribed at Camp No. 2 at the San Joaquin River and Big Creek. The company now has three large recreation halls for its men and will construct others.

Million and Half Dollars Will
be Daniels' Request
for Harbor Here.

An immediate initial appropriation of \$1,500,000 for work on the Submarine Base at Los Angeles Harbor will be recommended by Secretary Daniels of the Navy Department, he yesterday advised the Senate Naval Committee, according to dispatches from Washington. This recommendation, which will be coupled with a plea for Congress to appropriate \$5,500,000 for work on the proposed naval base at Alameda, will be based upon facts set forth in the report of the joint Congressional committee on Pacific Coast naval base sites. The committee visited here last autumn.

MIX NATIONAL MUSIC.

Songs and Dances of Eight Nations
Planned for Y.W.C.A. Concert.

An invitation to all friends of the Y.W.C.A. and to visiting tourists is extended by the association for the international concert which its International Institute will give tomorrow night at the Friday Morning clubhouse. No admission is to be charged. The concert will feature a program covering the music and dances of eight nations. Mrs. James W. Montgomery is chairman of the committee which has charge of the affair, and she has the assistance of Mrs. Frank Bialski, Mrs. William E. Belknap, Miss Elsie D. Newton and Miss M. E. Willis, while patronesses include:

Mmes. Charles Barrington, O. Shepard Barnum, Carrie Jacob Bond, Chester W. Brown, George H. Clark, A. N. Davidson, Charlotte Demott, Philip Easley, Matthew O. Fernald, William Francis Howard, Kivo Sue Inui, S. Ishimitsu, Constantine Kallondis, Nicholas Milbank, Cecil De Mille, U. Oyaga, Charles H. Richmond, Romanowski, Thomas Rice, Gertrude Ross, L. J. SILVERWOODS ARRIVE.

Merchant and Bride in City After
Honeymoon at Honolulu.

P. B. Silverwood, local merchant, who left on his honeymoon following his marriage to Mrs. ("Happy") Winckler of Chicago, has returned to Los Angeles and is at the Ambassador. The couple have been in Honolulu since their marriage in San Francisco in December. Their homecoming has been announced to their friends here. They will remain at the hotel until Mr. Silverwood's new home in Eagle Rock is completed.

SOCIETY.

BY VIRGINIA WOODS.

For a Visitor.
Mrs. Alfred Mayo of New York was the charming motif for a beautiful tea at which Mrs. J. A. Kerr and Mrs. Addison Bentley Jones entertained yesterday at the California Club.

The rooms were bright and gay with an abundance of spring blooms, with peach, cherry and almond blossoms predominating. There were 250 guests.

Among those assisting were Meses. Chauncey, Shackford, Leslie Brintnell, Arthur S. Burgess, Marion E. Gray, Francis Pierpont Davis, Woods Woolwine, A. Nesbit Kemp, Herman James, Hoyt Mitchell, J. Crampton Anderson, Marion Churchill McCarty, Eugene A. Hawkins, Edward Paulsen, Leslie C. Brand, Arthur Waters, Milo A. Baker, Guy Cusner, James R. Allen, George F. Cope, Julian Garney, Robert P. Reynolds, Tyler Tubbs, Hanshaw John R. Powers, W. Lloyd Morrow, George L. Seward, Charles Hal Cope, John Knorr, Frank Ryan, Charles O'Leary, George M. Wallace, B. Clement Wilson, William Bohn, Samuel Carey Dunlap, Roy D. Frisbie, Harold Freeman, Albert de Wit, Ralph B. Hardacre and Misses Ethelyn, Harvie and Byrd Wallis.

By Dr. and Mrs. Cooke.

Dr. and Mrs. A. B. Cooke entertained last evening at an enjoyable dinner and dancing party at the Wilshire Country Club in honor of Mrs. H. H. Beckwith of Pasadena. Their guests were Mrs. and Mrs. Grantland Seaton Long, Mr. and Mrs. C. C. Montgomery, John Daggett, Mr. and Mrs. C. L. Wallis, Mr. and Mrs. H. Cooke, Mr. and Mrs. Eugene Hawkins, Mr. and Mrs. R. C. Burge, Mr. and Mrs. C. F. Montgomery and Mr. and Mrs. W. C. Stillman.

For Dr. and Mrs. Jannet.

Mr. and Mrs. William H. Davis of Berkeley Square are to entertain at dinner tonight in honor of Dr. and Mrs. Malcolm W. Jannet of New York and Santa Barbara who have come here to reside, having bought a house in Windsor Square. Plates will be set for fourteen.

At Supper Party.

A charming affair given for a dozen friends was the supper party at which Mr. and Mrs. William H. Kennedy were hosts. A mound of pink roses and hedges centered the table. Mr. and Mrs. Kennedy, with their sons, Donald and William Kennedy, Jr., have recently returned from a three years' absence in the East. They are again domiciled in their home on Serrano avenue.

In New York.

Friends of Herbert Acker, young Los Angeles portrait painter and society man, will be glad to learn that he is meeting with much success in New York, where two of his portraits are to be exhibited with others at the Waldorf-Astoria between February 24 and March 25.

Ma's Valentine Dance.

Mrs. Vernon C. Herrow will entertain with a Valentine dancing party at the Rampart Apartments tomorrow evening. She will have 200 guests. There are to be several cotillions with favors in Valentine conceals. The decorations will carry out the Valentine idea, but instead of using red exclusively, the color scheme will be in pink, lavender yellow and green, with splashes of red. Ice will be served on the brilliantly lighted roof garden under a gayly bedecked tent.

At Midway Country Club.

Mr. and Mrs. Russell McDonnell Taylor are to entertain a company of sixty at a dinner-dance at the Midway Country Club on Saturday evening, the first day of the polo tournament there, which is to last until February 28. Mr. and Mrs. Henry C. House will have twenty-six guests with them. Mrs. Stuart Logan will entertain sixteen guests and Bruce Macneil will have twenty. Mr. and Mrs. B. B. Bell will have a party of forty at their table, and Mr. and Mrs. Paul Pitner will have sixteen at their table. Mrs. D. H. Hill, Walter Murphy and Mr. and Mrs. E. F. Skillen are also to entertain with dinner parties.

For Bride-elect.

Miss Katherine Reynolds, daughter of Mr. and Mrs. C. C. Reynolds, whose marriage to Edgar Donley is set for March 30, was honor guest at an attractive affair by Mrs. Vincent Paul and at which there were twenty-five guests.

For a Visitor.

Richard Hartley of Salt Lake City was honor guest at a dinner party given by Mr. and Mrs. Sylvain Nock on Tuesday evening. At the prettily adorned table sat Mr. and Mrs. Charles Hubach, Mr. and Mrs. Alfred Kastner, Mr. and Mrs. H. De Buscher, Mr. and Mrs. Clifford Lott, Mrs. Coffman, Mr. and Mrs. U. T. Clotfelter, and Emil Ferris.

Personals.

Mr. and Mrs. Paul Paine have returned from Tulsa, Okla., where they have resided the past four years. Mrs. Paine is the daughter of Mr. and Mrs. G. S. Newman of 407 Park View street, where she and her husband are now residing.

Mr. and Mrs. Fred Fishman of Arizona arrived here yesterday and are at the Van Nuys Hotel.

Mr. and Mrs. C. H. Fenton have returned from a tour of the East and South.

Miss Gertrude Lee has returned home after a visit with Mr. and Mrs. Edwin C. Leares of Atascadero.

Mr. and Mrs. Edward Souder of New York are here for the winter at the Ambassador.

EAT, GET SOUVENIRS.

Gov. Stephens Also Talks at Commercial Board Meeting.

The Pacific Desk Company was host yesterday noon to the Commercial Board of Los Angeles at a luncheon on the sixth floor of the company's building, 420 South Spring street. Ted Pierce, president of the company, was chairman of the meeting. In addition to an elaborate luncheon, the company also supplied a program of entertainment and each of the 400 guests was given an ash tray, a red quill pen and a package of monogrammed cigarettes as souvenirs.

Gov. Stephens was the honor guest and in an address to the members referred briefly to the king tax bill. Edward S. Curtis spoke of his experiences in the North while hunting for whales and told a number of interesting stories of his intimate acquaintance with Theodore Roosevelt. The Ad Club Quartet sang several songs and Fred Chase and his Angelus Jazz Orchestra played.

FACTS ABOUT BULLOCK'S BRIDGE

(Above is a diagram to scale showing St. Vincent's Place as a Blind Alley--and the situation of this Bridge)

The City does not own the land in St. Vincent's Place—but only has the right to use same for Alley purposes.

All other rights in Alley belong to owners of abutting land.

Bullock's occupies land on both sides of Alley—(see diagram.)

Bullock's Bridge will not interfere with City use of land for Alley purposes.

At the time the original Ordinance was adopted by Council, the City Attorney advised the Council that the City did not have any rights in St. Vincent's Place except for Alley purposes and therefore could not charge Bullock's for use of Bridge.

This Bridge is necessary to connect Bullock's Broadway and Hill Street Buildings.

Contemplated Improvements on Hill Street Properties will require the expenditure of several million dollars.

Contemplated Improvements will double the number of employees of Bullock's, and will greatly increase the taxes paid to the City and County by Bullock's.

The Bullock's Bridge Ordinance was adopted by the City Council September, 1919, after full investigation. Many thousands of dollars have already been spent on this work.

Bullock's has confidence in the good faith of the City.

Conditions have not changed since that Ordinance was adopted.

THE NEW.

IN STORES AND HOMES.

NOVELTIES, IDEAS AND PRACTICAL SUGGESTIONS.

By Olive Gray.

Up-to-Date:

The cape of wool, either knitted or woven, has swept the fashion world with its swirling folds, the chic of its lines and the convenience of its donning and its doffing.

Flowers in spring and summer millinery, flowers which look as if just plucked from the garden or the wildwood. Many filmy shapes of horsehair are trimmed solely with blossoms set in wreaths around the crown; others have entire crowns of flowers, and again there are those faced back with small posies, either studded with horsehair braid or fully exposed to view.

Now is the Time to Buy:

Objects of art for adornment of the home. In several of the clearances, at department or furniture stores, there are offerings at prices which afford economy in the indulgence of beauty for the home.

Rugs at prewar cost. A really good rug is an economy at all times since once purchased it lasts for well, almost forever.

Draperies at less prices, just at the time when the home is calling for rejuvenation.

Are They?

With bated breath—truly I believe that over no subject is breath more continuously "bated!"—the man asks, "Are women's skirts to be longer?" I wonder why he cares so earnestly?

It Beats All.

Never was there a more telling slogan than that adopted by the vacuum cleaner now under demonstration at that house of housewares. "It beats as it sweeps as it cleans." And it really does, for you can see it doing, any day, right there. You can still further prove the qualities of this so-called "baby" sweeper by looking at the picture of the celebrated film star who says it does and is pictured using it.

New Taffetas.

Yesterday I viewed some of the new taffeta frocks in the interesting salons of that store which prides itself upon distinctiveness in this line.

Many of the navy blue taffeta frocks for street and for afternoon wear were so unusual as to set a new stamp upon the fabric and the color. One which leaps boldly into the foreground of my recollection was heavily embroidered in rust-colored silk, the design broadly openwork, yet not in the conventional eyelet patterns, but rather on the order of the oriental, the flavor of which was still further enhanced by touches of antique gold metallic thread. This gown was embellished by means of a subit of rust-colored satin which was clung through the interstices of the cut-out embroidery.

Another interesting taffeta frock—one which I predict will set its stamp indelibly upon the season's favorites—was of black made upon redingote effect, open down the front, of course, where was displayed a slip of clear white organdy, the material tucked in diamonded effect to form a vest and organdy also used for undersleeves. The freshness of the organdy in conjunction with the taffeta was inexpressibly summery and delightful.

America's China.

I do not refer to Far East questions of diplomacy, but to the wares made in America. I wonder if you know that here we are making the finest china possible to produce? I confess that I was unapprised of the fact until I espied a shape of such

infinite beauty as to arrest attention among a storeful of wares. Like fine-grained polished ivory was the surface of the teapot that I beheld, and the decorations—chase, elegant—were in colors so favorably compare with any imported production. Then the man told me some of the illuminating facts regarding the manufacturer of this ware—a man who set out with the determination to make an American china equal to, if not excelling, anything produced abroad. That he has succeeded no one can doubt who studies the creations bearing the hallmark of his potteries. By the way, the informant who enlightened me has lectured upon china at several of our local women's clubs. Who—I ask you—should care more about such productions than should our women, who are the lovers and the creators of the home in its highest sense?

For the Love Saint.

What more potent than St. Valentine's Day to bring back the days of youth!

As you can over the Eros darts cards do you not recall your first valentine and does not your heart

skip a beat, or double it as you remember with what excitement you opened the envelope left at your door on the eventful morning? Compared with the artistic valentines of now, the missive may have been most crude; but oh, to feel again that first stirring of love—what though it be dubbed by the disillusioned YOU of today "puppy love." Well, the same recollections are in store for the youth of now, if you and others will but do your share. Quite an essential part of building a future is that of furnishing fond recollections. Each season the valentines seem to grow more beautiful and more meaningful. Clever was one especially noticed—and need I say purchased to play its part toward those future recollections. It was in the form of a pair of gleaming cardboard scissors, upon one point of which was perched a boy and upon the other a girl. The boy carried a slate on the face of which was scrawled: "Let's cut up!" and when the scissors were opened and closed, the boy massed the kissing in true awkward boy fashion.

Under Fashion's Inspiration.

Sports skirts will be fuller. Panels may be outlined in braid.

Gray is the fashionable color of Paris.

Coat frocks for spring are made of linen.

Overblouses show flutings at neck and wrist.

Mirionette is a closely woven silk jersey.

Taffeta hats feature wool cords and tassels.

Sleeves are once more trimmed with buttons.

The cape influence is noted in the spring wraps.

The mandarin collar is seen on the box coat.

Stripes and checks are having a brilliant debut.

Costs may be trimmed with matching braid.

Linen blouses will be trimmed with coarse lace.

Severely cut coat suits feature the skirt with fitted yoke.

A fascinating, fashionable color is the new tangerine red.

White flannel is used for vest and long collar of a plaid suit.

Cotton net is embroidered with Angora wool in moss stitch.

Batiste and organdie are used to trim frocks of crepe de china.

Black velvet cloaks appear embroidered elaborately in white.

Mrs. Lundberg Plans Murder Two Weeks Ago.

Girl Dying from Self-Given Poison, Confesses All.

Police Trace Gun's Purchase Find Strange Letter.

Mrs. Edith Lundberg, 25-year-old widow of 1227 West Twelfth street, charged with the murder of her daughter, Lee Worden, of 1544 North New Hampshire street, declared yesterday that she had planned the murder of her daughter two weeks ago, according to police officers. Mrs. Lundberg, who is a widow, was found in the County Hospital in a condition of extreme mental distress, and she has confessed all the details of the crime.

Two facts discovered by the police yesterday prompted their statements that the murder and attempted murder had been planned by Mrs. Lundberg for some time. First the confession of the girl, who was found in the hospital in a condition of extreme mental distress, and she has confessed all the details of the crime.

AIMED TO KILL.
Although unconscious most of the day, Mrs. Lundberg late yesterday recovered sufficiently to answer questions put to her by the investigating officers. She admitted that she had planned the murder of her daughter two weeks ago, and she had intended to kill her daughter with a revolver almost two weeks ago.

Called Frequently.
According to Mr. and Mrs. Alfred Worden, parents of the dying girl, Mrs. Lundberg was a frequent caller at their home some time ago and had been calling for some time and the girl was found in a condition of extreme mental distress.

Wound, Confesses All.
Trace Gun's Purchase,
Find Strange Letter.

Mrs. Edith Lundberg, 35 years of age, 1237 West Twelfth street, died yesterday of a gunshot wound, which she had inflicted on herself. The police are investigating the strange case.

AIMED TO KILL.
The police discovered the police who prompted her statements the murder and attempted suicide. Mrs. Lundberg was found in a rooming house, where she had been planning the murder for two weeks. She had written a letter to her husband, stating that she had decided to kill him. The police are investigating the case.

Eucalyptus Grove Trip Made
Part of Divorce Case.

The slander suit of Ruth Cronson, now Mrs. Ruth Newhouse, against Mrs. Euphrasia Van Camp, former wife of Frank Van Camp, wealthy fish packer, will not be tried. In Judge Hewitt's court yesterday, it was stipulated between the parties that judgment for Mrs. Newhouse be entered, and the finding by the court hold that the purported slanderous statement made by Mrs. Euphrasia Van Camp against Miss Cronson were false, but were uttered without malice. Each party to the action pays their own costs.

The purported slander grew out of an incident in a eucalyptus grove which figured in the Van Camp divorce suit before Judge Crail. Mrs. Van Camp, who instituted the divorce and obtained a large settlement, complained that her husband took Miss Cronson, his secretary, on automobile riding and that she followed them to the eucalyptus grove. In their presence she uttered the purported slanderous words reflecting on the good name of Miss Cronson. Judge Crail granted an interlocutory decree and awarded Mrs. Van Camp \$60,000. Mrs. Van Camp is appealing from the money award and Mr. Van Camp is appealing from that part of the divorce which gave Mrs. Van Camp a decree on the ground of cruelty.

The court exonerated Miss Cronson of Mrs. Van Camp's charges of misconduct with Mr. Van Camp.

Every taxpayer in the Hun-

trict will benefit from the re-
cent discovery of oil in that
territory if the plans of the
school trustees are carried out.
Because all the land in the
immediate vicinity of the
school grounds is under lease
to oil operators, and because
there is room for at least two
rises on school property with-
out in any way interfering
with school activities, the
trustees have determined to
lease the location to the
highest bidder.
Advertisements calling for
bids have already been posted
and the offerers submitted to
be opened and considered on
the 15th inst. It is pointed
out that the lease money will
provide improvements much
needed at the school and that
if the successful bidder finds
oil in paying quantities the
royalties will automatically
reduce the amount of school
money to be raised by tax-
ation.

tions.
Worden was 25 years of age and
lived with his parents. The police
say he had intended to marry Mrs.
Lundberg and had never spoken of
having had any trouble with her.
Coroner Williams yesterday an-
nounced that no inquest will be
held over the body until it is
learned whether Mrs. Lundberg
will recover. The young woman was
employed in the mechanical depart-
ment of the County Hall of Records,
as a relief girl for two weeks. She
was on duty the day before the slay-
ing. None of her fellow employees
noticed anything out of the usual
in her demeanor or talk. Col. Wil-
liam Davidson, chief of the depart-
ment, stated that Mrs. Lundberg
was quiet and did her work well.
He had observed her occasionally
as he passed by the office where she
was working.

BEFORE you reserve time with your tailor or dressmaker, before you

even to plan your color scheme—consult this Forecast Number of Vogue.

SIMPLICITY, says Paris, is to be the mode.
But correct simplicity is the most difficult
thing in the world to achieve. This number of
Vogue tells you how to get it—the length of
skirt, the shape of coat, the line of sleeve and
neck, the choice of fabric and color. Never is
exactness of line and color more important than
in a season where simplicity is the keynote.
Never is Vogue's counsel more essential.

ON the very first page of this issue are about
a hundred concisely-stated fashion points
simply invaluable when you're choosing clothes.
Take care, for instance. We've been wearing
them a long while. Are they still good for street
wear, or only for sports? Take the Florentine
neck-line. Some women look charming in it;
but if it doesn't happen to suit your shoulders,
what else can you wear? Or if you're undecided
about top-coats, Vogue tells you which are good
and you know yourself that those which are not
in Vogue are—well, not so good.

AS for fabrics, colors, hats, accessories—and
these are all-important when frocks are
plain—Vogue is full of what Paris says and the
best New York makers are already beginning
to show.

MANY MILLIONS BEING SPENT.

Gas Corporation Tells of its
Betterment Program.

Plans Work Despite Lowest
Rates in Country.

Asks Same Co-operation Other
Cities Give Utilities.

To meet the enormous demand for
gas for domestic and commercial
uses in Los Angeles due to the
tremendous increase in population,
Vice-President William Baurhyte of
the Los Angeles Gas and Electric
Corporation announced yesterday
that his concern has under way im-
provements representing a total ex-
penditure of between \$1,500,000 and
\$2,000,000.

These include the construction of
a holder having a capacity of 10,-
000,000 cubic feet of gas and that
will cost \$1,000,000. It will be the
largest gas storage container west of
Chicago, Mr. Baurhyte stated. To
insure adequate pressure, especially
during the winter months next year,
a compressor with a capacity of
1,000,000 cubic feet per hour will
be built. In addition, more than
100 miles of mains, service and
meter extensions will be made. Most
of these additions to the plant have
been contracted for or bids asked
for on them, according to Mr.
Baurhyte.

The plans of the company, as
well as the present situation, will be
set forth in the corporation's an-
nual report to the State Railroad
Commission, which is expected
will be filed not later than next
Tuesday. It is facts from this state-
ment that Vice-President Baurhyte
made public yesterday.

"We are grateful to the public,"
said Mr. Baurhyte, "for co-operating
with us during a winter of cold
weather, and we appreciate the as-
sistance given by Mr. Massey of the
State Railroad Commission in stat-
ing to the people the conditions with
which we were confronted."

TO SERVE PEOPLE.
"Our plant worked to its utmost
capacity in an endeavor to meet the
demand, and we are going ahead now
with our program of improvements
and additions in order to do every-
thing in our power to serve the
people of Los Angeles."

That other cities of the country,
particularly those of the Pacific
coast, have experienced difficulties
in gas production and distribution
is shown in many dispatches. In
Oregon, dispatches state, the Public
Service Commission has granted the
Portland Gas and Coke Company an
increase in rates in order to
provide the company with sufficient
income to meet its expenses. The
rate in Portland was 95 cents for
1000 cubic feet, but this has been
increased by the Public Service Com-
mission to \$1.15.

Applications for increases are
pending in New York City, where
the present rate is \$1.20 per 1000
cubic feet; in Philadelphia, where
the rate is \$1; in Detroit, where
the rate is 75 cents; and in St. Louis,
where the rate is 85 cents. Other
rates in American cities are: Chi-
cago, \$1.15; Boston, \$1.40; San Fran-
cisco, \$1.55; Washington, D. C.,
\$1.32; Seattle, \$1.50; and Newark,
N. J., \$1.40. The Los Angeles rate
is 75 cents per 1000 cubic feet.

Clippings received by The Times
show that in other cities the news-
papers have uniformly co-operated
with the city and State authorities
and the officials of the companies
to work out ways and means to meet
the enormous demand for gas with
inadequate facilities, due to the
cessation of work and of the manu-
facture of equipment during the war.
In Los Angeles, the Examiner and
the municipal ownership advocates
have started a drive on the Los An-
geles Gas and Electric Corporation
in a futile effort to arouse public
opinion against the company while
it has been struggling with its prob-
lems.

HITS UNTRUTHS.

"As might be expected," said one
official of the company yesterday,
"the Los Angeles Examiner does
not confine itself to the truth in
attacking the Los Angeles Gas and
Electric Corporation. In Tuesday's
Examiner we were blamed for al-
leged gas troubles in Venice and
other beach cities, which we do not
serve. We fully expect to be blamed
in tomorrow's Examiner for heavy
gales prevailing off Catalina Island."

"We have asked the State Rail-
road Commission to investigate pres-
ent costs and how we are struggling
to supply our demands to meet our
expenses. We know we shall re-
ceive a square deal at the hands of
the commission and the public."

SENTENCE MADE LIGHT.

Confessed Counterfeiter Sent to Jail
for Only Seven Months.

The presence of the wife and baby
of William A. O'Fagan, who pleaded
guilty to "raising" three \$1 bills to
"twenties," pleaded loudly in his
behalf in U. S. District Judge Trip-
pet's court yesterday when O'Fagan
was given a sentence of only seven
months in the Kern County Jail.
O'Fagan is an off worker in that
field, and has been in California
but a short time.

The defendant said that he had
been induced by an older man to
do the counterfeiting, but could not
give his name. There is evidence
in the hands of George W. Hazen,
secret service agent of the United
States Treasury Department, that
O'Fagan furnished the original bills
out of which the counterfeiters were
made, and that they were so good
that one of them found its way
into the strong box of one of the
Bakersfield banks.

CIRCUS CLOWN FREED.
Shows Letters from Wife Hoping he
Gets "Good Girl Next Time."

Theresa Sarah Isabella Jay wrote
her husband, Henry Ivor Jay, wish-
ing him all the happiness in the
world. She told him that she was
going home and "it is best for ev-
erybody. Hope you get a nice good
girl the next time."

It was "a good-bye" now and a
good-bye forever" letter, and helped
to win Mr. Jay a divorce in
Judge Summerfield's court yester-
day. Mr. Jay was formerly a circus
clown. He and his wife did a com-
edy acrobatic act. Mr. Jay left the
hotel where she and Mr. Jay were
stopping, and he said he did not
see her again for five months.

CO-OPERATION IS KEYNOTE OF SUCCESS

Giffen Points Benefits
Already Derived by Re-
Industry.

BY A. F. NIGHT WEBB.
SAN FRANCISCO, Feb. 11.—
Not that the future of Califor-
nia in the continued success
development of the co-op-
eration associations was voiced
by William M. Giffen, president of
California Associated Raisin Co-
opers, today in an address to the
Coast Furniture Dealers' as-
sociation.
"Before co-operation came,
the great possibilities for under-
standing," Giffen said, "industry
happened with the weight of o-
production upon it. Raisins
were under a hundred differ-
ent names. No private packing com-
pany was able to advertise or indu-
cement work to a sufficient ex-
tent to affect the market or in-
crease consumption. But co-opera-
tion came. It was a necessity of a
luxury in case of failure."
"We plan our faith in prin-
ciple and thorough co-operation
were able to concentrate on
standard brand. From a crop
of 100 tons we were able to market 175
tons a year. In ten years we
have 400,000 tons and co-opera-
tion advertising will find the ma-
rket for us."
